

FFT Aspire training for all schools

Introductory Training Courses

Why not join us in exploring your data on our most popular hands-on course which takes you fully through Aspire's interactive functionality.

This full-day course is perfect for anyone new to Aspire or those who wish to gain a further understanding of its capabilities.

Guided by our experts, you will discover the evaluation and target setting dashboards for your school and have the opportunity to analyse groups of pupils, subject performance and individual results.

Advanced Training Courses

This full-day course is ideal for senior leaders, assessment coordinators, subject leaders and those that have previously attended one of our Introductory courses and want to enhance their knowledge of the Aspire system.

Working with our experienced training team, you will explore FFT Aspire in-depth and gain a thorough understanding of your school's performance data. The course will also look at the latest research and accountability changes and explore how FFT statistics can inform your work with robust and reliable evidence.

*Our full-day courses are led by a member of FFT's expert training team and cost **£295 + VAT.***
