

Expression of Interest in National School Breakfast Programme

Family Action in partnership with Magic Breakfast has secured funding from the DfE to support 1770 schools in disadvantaged areas to start or expand breakfast provision between March 2018 and March 2020. The offer involves bespoke support and a combination of grants and food aid for eligible schools.

The aim of the National School Breakfast Programme is to ensure no child starts the school day too hungry to learn. We bring our experience working with disadvantaged communities and providing schools with food aid and support to reach children at risk of hunger at the start of the school day. To date, more than 500 schools across the country have benefitted from this programme of support.

If your school might like to explore the benefit of removing the hunger barrier to learning for all your pupils, please complete the form below. We will check your eligibility for the DfE funded programme, and follow up with you as soon as possible.

Please email the completed form to: nsbp@family-action.org.uk
