# Introduction and Overview by Councillor Elin Weston

## Cabinet Member for Children and Families

Completing year 11 and embarking on your next steps is an exciting but also challenging time. You will have received a careers programme from your school to help you understand your options but these are major decisions and can seem daunting. This guide supports the advice you have already received and is designed to help you make the best post 16 choice for you. The information in this guide includes details on the A level and vocational equivalent provision available in Haringey, where to find information on other providers and sources of support and guidance, including on apprenticeships.

### Haringey Post 16 Provision

We are very proud that Haringey post 16 provision at A Level is ranked in the top 10 nationally with our 2016 results being higher than the London and national average. All our schools and colleges are rated as Good or Outstanding by Ofsted. We also have a good vocational offer, ensuring that you can progress to the next level of education and training whatever your interests are. Staying in Haringey post 16 means you will benefit from top quality teaching, achieve well and be well-placed to progress to university, further education or training. Students in Haringey have access to great pastoral support allowing them to make excellent progress overall and achieve their goals.

### Careers Support

There is an incredibly wide range of post 16 courses and provision in London. Schools and colleges are responsible for supporting you and your choices for your future by delivering impartial careers advice and guidance. To support your choices Haringey hosts a 'Routes to Work' careers fair with information from a wide range of schools, colleges, universities and employers. Careers advisers are on hand to offer specialist advice and there is a series of short talks on issues including finance, university applications, education pathways, apprenticeships and employment opportunities. Details can be found at the Haringey Routes to Work site:

[www.haringey.gov.uk/routestowork](http://www.haringey.gov.uk/routestowork)

General careers advice and guidance can be found at the Haringey's Career Ambition web site at [www.haringey.gov.uk/haringeys-career-ambition](http://www.haringey.gov.uk/haringeys-career-ambition)

I hope you find this overview helpful and I wish you every success for your future

Cllr Elin Weston

# Haringey Ambitions Guarantee

## Post 16 schools and colleges signed up to the Haringey Ambitions Guarantee pledge to provide:

- A clear and supportive induction programme to your post 16 study programme.
- The highest quality teaching that fully tracks, assesses and supports your learning needs enabling you to achieve ambitious goals.
- Tailor made revision programmes and exam practice.
- Access to a range of appropriate quality learning resources.
- A clear pastoral point of regular contact and support to discuss your needs and progress including financial needs.
- A quality programme of independent, impartial and personalised careers advice and guidance.

## Full and appropriate preparation for your next steps including:

- University visits.
- A Russell Group application event with practical pathway advice and course guidance, offered by a range of leading universities including Oxbridge.
- Employers linked to the curriculum through visits, employment tasks and research activities.
- A broad range of work related activities to develop the skills and knowledge of potential career paths to help you make informed choices and preparation for your future.
- Mapping of your skills and abilities to produce a detailed CV and university or employment application.
- Access to a wide range of enrichment activities to develop you as an independent and mature individual.
- Giving you the ability to play an active role in shaping the quality and direction of your study.

# ADA National College for Digital Skills

ADA offers an exciting path for you. A path of opportunity. You will join a cutting-edge community of digital-thinkers, industry experts and leading tech companies. Together, we can kick-start your career in the growing digital sector. We develop the mindsets, skillsets and character needed to be a pioneer. Our teaching methods are rooted in the real world readying you for success whether you join for our **sixth form** or **higher level apprenticeships**.

This is a career-catapulting education that, as a state-funded college, is free to attend. If you're excited about entering the games design industry, creating apps that change lives or building technologies that help grow industries, then ADA is the perfect institution for you. You'll complete the core ADA curriculum: a BTEC in computing designed and co-delivered with industry, plus complementary A Levels. With a bit of hard work, you'll also get fluent in at least two programming languages, whether you're starting from scratch or already a budding coder. We cultivate an environment for you to own your education. Get real-world ready with hands-on, project-based learning. You will be part of an active network of ambitious students and helpful industry experts. At ADA, the doors are open to the digital industry, so coaching and sought-after work opportunities are up for grabs.

## Entry requirements

There are no specific entry requirements to the college itself with all students selected on an individual basis following an interview. An aptitude for programming is what we are looking for with your suitability explored at the interview.

All students will complete a BTEC in computer science. In addition, we offer specific complementary A Level subjects as follows:

- Business Studies
- Graphics
- Physics
- Psychology
- Maths
- Further Maths
- Level 3 Core Maths (1/2 an A Level)

## Applications for 2018

Please complete the application online at [www.adacollege.org.uk](http://www.adacollege.org.uk)

You will be contacted for an interview. You can also contact us at [info@adacollege.org.uk](mailto:info@adacollege.org.uk) with your questions.

# Alexandra Park School

We value students from a range of backgrounds and levels of achievement; as well as Oxbridge entrants and Russell Group applicants we take students who feel they previously underachieved. Our combination of expert sixth form teaching and warm, encouraging pastoral care has led to a three year rise in attainment with excellent value-added results and a reputation for excellence and inclusivity.

Our curriculum offer is broad and inclusive with an exceptional range of courses. An unprecedented number of students study science at A Level with thriving and expanding departments in Art, Drama, Music and Design. English, Languages and Humanities have always been strengths and we continue to invest in and expand those subjects.

The curriculum is just the start of the opportunities available at APS. Links with a range of universities enable us to provide excellent advice and guidance from visiting professionals to enhance your UCAS application. Trips to Cern, Athens, New York, China, South Africa

and a range of work places make learning more inspiring and will give you the information and experience you need in order to think about a career. This year APS expanded its dedicated sixth form social and study space. We have opened a sixth-form-only café and are planning a garden area and we are increasing the size of the common room.

For many years Alexandra Park has been one of the most over-subscribed schools at key stage three in Haringey. We now have exceptional A level and BTEC results and have a highly popular and expanding sixth form.

## Entry requirements

To study any course at A Level you must have at least a grade 5 in both English and Maths and a minimum of three other GCSE grades of C/5 or above. The majority of our A Level subjects demand a B/6 grade, in that or a related subject. See our website for up to date entry requirements for specific subjects.

# The College of Haringey, Enfield and North East London (CONEL)

At the College of Haringey, Enfield and North East London (CONEL) you'll gain the cutting edge skills for your chosen career.

We offer a wide range of Courses and Apprenticeships and are committed to ensuring you are fully prepared with the right skills, knowledge and experience to succeed in the modern workplace.

In 2015/16 our Achievement rate across all subject areas was 86.8%, and for Apprenticeships alone this was 6.5% above the national average.

You could choose from a number of Level 3 Diploma courses including Accounting, Business, Construction, Childcare and Early Years, Creative and Media, Engineering, English and Maths, ESOL, Hairdressing and Beauty Therapy, Health and Social Care, ICT and Computing, Music and Performing Arts, Public Services, Science, Sport and Fitness and Travel and Tourism. Alternatively, you could opt for an Apprenticeship with employers from a wide range of businesses and industries, enabling you to earn while you learn in paid employment while training at the College.

Our latest Ofsted report is 'outstanding' and 'good' across all inspection areas

We're a forward-thinking and innovative college and have invested more than £20 million since 2010 in new technology and resources to give you the best possible education and start to your career. Our state-of-the-art facilities, excellent education provision and experienced tutors are among the reasons we're consistently one of the

most popular and best performing Further Education colleges in London.

Our IT Academy comprises a Microsoft Showcase Classroom, features top of the range laptops and digital display equipment, while our Construction Centre in Enfield is home to both our Construction and Engineering workshops, which are equipped with top of the range professional tools and machinery.

The Creative Media school features hi-tech recording studios, video cameras and multimedia suites for editing and computer game design. The College also has Hairdressing and Beauty Therapy training salons to enable you to create a variety of professional and stunning looks.

Our new Health and Social Care suites are equipped with medical equipment to develop your skills, including hospital beds and patient hoists, while our Science laboratories have everything you need to test out theories and carry out experiments.

These are just some of the reasons why more than 60% of our students are in work six months after leaving the College and around 300 progress to university each year.

## Entry requirements

**Level 3 Diploma courses** – Five GCSE grades at 9 to 4 (A\* to C) including English and Maths or a Merit or Distinction at Level 2.

**Apprenticeships** – Please contact our Apprenticeship Team

# Greig City Academy

Greig City Academy has a large and thriving Sixth Form with exceptional opportunities for 16-18 year old students. Many of our students have gone on to study at Russell Group universities and some to Oxford and Cambridge. We have students represented in each of the top 30 institutions in the university league tables. Our progress scores have risen consistently over the past 3 years and we look forward to that trend continuing.

We offer a comprehensive range of A Level subjects, OCR Nationals, BTEC Level 3s and Cambridge Technicals. Moreover, we offer a bespoke academic package for students in which they can combine both academic and vocational subjects to ensure that they have the best possible opportunities to progress to higher education. Our outstanding Science, languages and humanities results reflect the strong academic ethos within the school. Our students have access to study resources which are ordered and delivered the following day to ensure there are no barriers to their academic success. The students have exceptional and exclusive work placement opportunities at major prestigious London companies which often lead to funded internships. These are in a variety of industry sectors including business, finance, law and medicine.

Our retention rate is one of the highest in Haringey. The majority of our students go onto university degree courses, but we also have a strong link with

apprenticeship providers for child care, ICT, business, computing and sport.

The extra-curricular enrichment package at Greig City Academy is exceptional. The usual sports teams for football and basketball are well established but there is also a range of unique opportunities including:

- The Sixth Form band with grants for students to obtain instruments.
- Fully subsidised fieldtrips for Geography, Biology, Travel & Tourism, Business and Physics.
- Our sailing and yachting academy.
- Access to our outdoor pursuits programmes such as the Duke of Edinburgh Award (up to gold level).

We also heavily subsidise trips to Ireland, Belgium, Holland, Morocco and all over the UK. Such experiences are covered by our trust funds so that every student can attend, regardless of their parents' income.

Should you wish to apply to our sixth form, please contact the sixth form team on **020 8609 0132** or email [jholt@greigcityacademy.co.uk](mailto:jholt@greigcityacademy.co.uk)

## Entry requirements

To study any course at A Level, you must have at least a grade 5 in both English and Maths and a minimum of three other GCSE grades of C/5 or above. The majority of our A Level subjects demand a B/5 grade, in that or a related subject.

# Fortismere School

Fortismere has an outstanding and popular sixth form, with students joining from a wide geographical area. Our students usually study four AS level subjects in Year 12 and three or four A2 subjects in Year 13 (this is currently under review due to changes to the delivery of A Levels). Our impressive range of subjects attracts high numbers in traditional A levels, as well as specialist areas like Further Maths and Economics. We also offer a small number of Vocational Qualifications. We support our students' academic progress by a system of target setting and monitoring. We provide excellent guidance for students, as well as additional mentoring for those making Oxbridge applications or preparing for BMAT and UKCAT (medical) or Law entrance exams. The vast majority of students progress to university and a sophisticated guidance system ensures that they are well advised in their decision-making. We have a strong focus on school leadership and students taking responsibility for their progress. We also have lots of extra-curricular opportunities that help our students become confident and articulate young adults.

## Entry Requirements

### A levels:

- A minimum of B grades (or numerical equivalent) in 5 different subjects, to include
- A minimum of B grades (or numerical equivalent) in English and Maths
- Any specific subject requirements as stated in the subject entry in the sixth form prospectus

### BTEC subjects:

- A minimum of C grades (or numerical equivalent) in 5 different subjects, to include
- A minimum of C grades (or numerical equivalent) in English and Maths
- Any specific subject requirements as stated in the subject entry in the sixth form prospectus

For further details please see the sixth form section on our website

[www.fortismere.harginye.sch.uk](http://www.fortismere.harginye.sch.uk)

### Applications following results day – Summer 2018

If you have met the criteria for entry and would like to enquire about spaces on our courses for September 2018 please contact Mrs Patel including your full name, date of birth, current or previous school, and your GCSE results and dates after the GCSE results day and before the start of term on [sixthformadmissions@fortismere.org.uk](mailto:sixthformadmissions@fortismere.org.uk)

# Haringey Sixth Form College

At Haringey Sixth Form College we offer an exciting way to study A Levels.

**The A Level Pathways** are designed to move you a step closer to your future aspirations. We offer unique study packages entirely focused on providing you with the latest skills, experiences and qualifications to enable you to pursue a career or university degree in a particular area of interest. A Level subjects are grouped together into career pathways containing complementary subjects to help you choose the most appropriate course for your career goal. A Levels are also part of our Russell Group / Oxbridge Forum.

The College also has specialised in **Vocational Courses** for several years, these can lead you directly to university, apprenticeships or employment. Vocational courses are offered at a wide range of levels to suit everyone. Studying on one of our vocational courses involves continuous assessment mainly through coursework, practical work, related assignments, work experience, a small amount of externally assessed examinations and in some cases online tests. Most courses are BTECs.

All courses are offered as part of a study programme.

**Excited then?...Here's seven great reasons why we think you should choose to study with us**

**We're committed to helping you succeed** - In 2016 over 97% of all students

who applied progressed to university; 61% of students achieved the top A-level grades and 95% achieved at BTEC Level 3.

**We'll help you get where you want to go** - More than 1,200 of our students have gone on to study at universities since our first cohort in 2008, including the top 24 universities that make up the Russell Group, and we offer plenty of help with your first job applications.

**We offer a wide range of courses** - You can choose from a wide range of A Level subjects and BTEC courses in different vocational areas.

**We have excellent staff** - Our highly qualified, motivated and committed staff are here to make sure that you get the support you need.

**We're different** - We're a modern, purpose-built centre in Haringey dedicated to offering full-time courses for 16–19 year olds.

**We're easy to get to** - Whether you're commuting to our campus by train, tube or bus, we're only ever a short walk away from a station or stop.

**We're open-minded** - We welcome your application, whatever your ability or background. Contact us directly for that personalised one to one approach.

# Harris Academy Tottenham – Sixth Form Centre

If you want to be part of an Academy where 'learners thrive, and learning is the business of the day' the Harris Academy Tottenham is the place for you.

Harris Academy Tottenham has quickly established itself as an outstanding provider in the borough. We offer an Academic curriculum, supplemented with an impressive array of extracurricular opportunities, bespoke careers education and guidance, and personalised tuition to ensure that each learner is successful in attaining their ambitions.

It's for that reason that we were thrilled to be graded 'Outstanding' in all areas in our most recent inspection (May 2017). OFSTED noted that ***"The Sixth Form Provision is Excellent. Students are happy in the sixth form and feel safe. They told inspectors that they receive excellent support and guidance. They demonstrate positive attitudes towards their studies."*** We eagerly anticipate our first set of results, confident that our students will contribute to the outstanding record already established by our partner institutions within the Harris Federation.

As the Sixth Form and Academy continue to expand, so does our vast array of facilities. This September, our new Theatre, Arts Suites, Recording Studio and iMac rooms are available, alongside the new Learning Resource Centre and Science laboratories. Students in the Sixth Form have access to high quality facilities, including a bespoke Sixth Form area to enhance your studies. There is a comprehensive programme of support,

with a pastoral tutor, small class sizes and a plethora of resources available to ensure that you have the very best opportunity to progress. Each student is provided with a tablet, to access our online learning platform, helping you to study independently, in preparation for university. We also offer an excellent enrichment programme, in collaboration with other Harris academies, which ensure that you receive the very best opportunities as you look to move towards the next stage of your career. Currently, this includes debating, sports, performing arts and a visiting lecture series.

Our Specialism in Maths and Science enables us to provide clear pathways for students looking to study at Russell Group universities and beyond. Our established mentoring programmes prepare students for specific chosen pathways, including medicine, through meaningful work based experience, and guidance from leading professionals. We have links with some of London's leading universities and Oxbridge colleges. As we continue to expand our A Level provision in 2018-19, we are keen to hear from applicants who are ambitious and motivated to achieve outstanding A Level results, which will propel them towards study at some of the UK's leading institutions.

If you are looking to combine the highest quality teaching with enriching extracurricular experiences and bespoke provision that propels you towards the best universities in the UK and beyond, then we would be thrilled to hear from you.

## Entry Requirements

We are looking for students who have achieved at least 3 GCSE's at Grades A\*- C with a minimum of a Grade 6 in English, Maths and the Subjects you wish to study. Specific requirements for each subject are available on our website at [www.harristottenham.org.uk](http://www.harristottenham.org.uk). We discuss each application on a case-by-case basis, and ensure you receive the guidance and support needed.

If you are interested in applying for September, and have met the entry criteria, please contact us via the sixth form email account: [sixthform@harristottenham.org.uk](mailto:sixthform@harristottenham.org.uk). You can also contact the Sixth Form team via the main reception on 0203 772 4243 to discuss your application. Enrolment will take place on Thursday 23 August from 11.00am.

# Highgate Wood School

Highgate Wood School's Sixth Form is extremely successful and popular with students gaining exceptional results. We have a caring, nurturing, supportive ethos and are fully staffed with very experienced, specialist teachers for all our A Levels subjects. Students join us from across Haringey and neighbouring boroughs. Students study four AS level subjects in Year 12 and, three or four A2 subjects in Year 13. Our impressive range of A Levels enables students to study a range of subjects including a mix of science and humanities.

Students will also have the opportunity to apply to follow the Extended Project course during Year 12 leading to an additional qualification valued by Russell Group Universities. This involves a demanding piece of research that allows you to demonstrate some of the higher skills and capabilities that top universities are expecting. Students at Highgate Wood sixth form make outstanding progress from their GCSE results. We are in the top 10% of schools nationally for progress and our 2016 results (for A Level and equivalent) continue to build on the excellent results from previous years:

## 2016 A level and Level 3 Vocational Results

A* - A	A* - B	A* - C	A* - E
51%	70%	90%	100%

We provide excellent support and guidance to ensure everyone moves on to either university, an apprenticeship or

work, with the vast majority progressing to university. This year, 52% of our students gained places at Russell Group Universities and 74% gained places in the top 40 universities, including four for either Oxford or Cambridge. We offer a wide range of extra-curricular activities and opportunities to be involved in the wider school life including: mentoring of younger students, Duke of Edinburgh Award, participation in the Model United Nations, meeting visiting speakers from a range of professions including medicine, law and the media plus opportunities to travel abroad to countries such as Morocco, Swaziland and India through World Challenge.

## Entry Requirements

The majority of courses accept students with a Grade C (5), some with a B(6) and a few (Maths/Further Maths) with a 7/8 grade GCSE.

For further details please see the sixth form section on our website

[www.hws.haringey.sch.uk](http://www.hws.haringey.sch.uk)

## Applications following results day – Summer 2018

If you have met the criteria for entry and would like to enquire about spaces on our courses for September 2018 please contact the school on **Post16@hws.haringey.sch.uk**. For enrolment please bring proof of results and photo identification. Enrolment days are Thursday 23 August (GCSE results day) from 10.30 am to 3pm and Friday 24<sup>th</sup> August from 10am to 1pm.

# Stansted Airport College

Part of Harlow College

Opening September 2018

The College is a partnership between London Stansted Airport and Harlow College - the first of its kind at any airport in the country.

We will be offering an exciting range of technical and professional courses, in the disciplines of Aviation, Engineering, Business, Hospitality and Events.

## Open Evenings at Aerozone Stansted

5.30 - 8.30pm

**Weds 10 Jan '18**  
5.30 - 8.30pm

**Tues 20 Feb '18**  
5.30 - 8.30pm

Up to  
**80%**  
discounted  
travel to College  
for students!

**Due to limited space, entry is by pre-booked ticket only**  
**Book your ticket at:** [www.harlow-college.ac.uk/stac](http://www.harlow-college.ac.uk/stac)

# Hornsey Sixth Form College

We are a small but mighty mixed sixth form and are ranked as one of the top 25% of sixth form colleges in the country owing to our high performance for student progress. We have an unmissable opportunity for Post-16 students and a brand new scholarship programme for 2017 - **Hornsey Scholars**.

We make the most of every minute and build in time for you to express your views, meet with professionals from an array of industries (during professional careers development) and have a specialist careers information and guidance counsellor who can offer impartial, impactful advice. In addition to your subject teachers you will be assigned a lead teacher who will guide and challenge you throughout your sixth form journey with us. All students receive an interview with a university careers advisor to ensure that you have the information you need to make decisions regarding your future, and to assist you when making university visits.

We have an excellent mentoring programme. Our partners include The Access Project – a charity designed to prepare you for applying to Russell Group universities; through one-to-one tuition, university trips, mock interviews and UCAS training; and The Girls Network providing mentoring from some of the leading women within their fields at their place of work. Our key aim is to ensure we provide mentoring

opportunities for all Year 12 students. The good news? All of this is free!

Enrichment is something we encourage and reward. As a result we have built in time within our school day for you to explore new experiences and develop your skill set. Just like at university, Wednesday afternoons are an opportunity for you to take part in sport, student mentoring, work experience - the list of opportunities is always growing. If you have an idea, you are encouraged to share it with us and together we will make it happen! So why the EDGE? Put simply, it stands for our four core values: Excellence, Drive, Graduate and Enrich. If you are prepared to demonstrate excellence, to be driven towards attaining your goals, are keen to graduate from all opportunities you embark upon and excel in your life from the enriched education we provide, both during your time at sixth form and beyond, we are the sixth form for you.

For more reasons to study at HSC apply for one of our scholarships – **Hornsey Scholars!**

Ten Hornsey Scholars will receive: a tablet, a scholarship mentoring programme with Futures - a charity providing residential trips hosted by Russell Group universities, a STEM focused tutoring and work experience programme 'Generating Genius', invitations to university events including taster lessons, pre-university mock interviews, a variety of subsidised

cultural experiences, an exclusive membership to the Aspire Group – helping you develop key skills related to future ambitions and involvement in Policy League from the Economist Educational Foundation – where you will learn how to negotiate on current affairs to develop your understanding of policies that shape our future – an exceptional opportunity for anyone aspiring to pursue a career in law, applying to a Russell Group university or who is a budding entrepreneur of the future.

### Entry requirements

For A level/Level 3 BTECs 5+ GCSEs at a grade 5. Please note one BTEC level 2 Merit can be counted. Some courses will require additional course specific requirements.

If you meet the entry requirements you are welcome to come along to Hornsey Sixth Form on GCSE results day between 12 – 2pm. Please bring along your GCSE certificates and ID. You will be asked to complete an application form and will be given guidance on which courses best suit your ambitions. Alternatively, please email [admin@hornseyschool.com](mailto:admin@hornseyschool.com) stating your GCSE grades and what you would like to study. We will be holding additional enrolment days during the first week of September between 3:30 -5:30pm. Please check the website for all updates on times, courses are always subject to numbers.

# The London Academy of Excellence: Tottenham

*The place for academic rigour.* The London Academy of Excellence Tottenham is a new 16-19 free school opened in September 2017 next to White Hart Lane stadium, offering 15 of the most academically rigorous A Level subjects.

LAE Tottenham offers the perfect route into Russell Group, Oxbridge and other top universities. The educational sponsorship of Highgate School has helped to create a beacon of academic excellence in the eastern part of the borough. A level results at Highgate school show that 64% of entries are graded A\*-A and students at LAE Tottenham receive the same quality of specialist teaching, with Highgate providing the equivalent of five full-time teaching staff.

Alongside the outstanding teaching on offer from subject specialists with a track record of success, students receive personalised support with the UCAS application process as well as specialised support for those who may wish to study abroad, for example in the United States. Tutorial time is regular and focused, designed to help students to build a comprehensive bank of experience through the LAE Tottenham Diploma in order to create the best possible personal statement and prepare effectively for university interviews and entry tests.

LAE Tottenham's links with Highgate and nine other leading independent schools provides students with access to unique extra-curricular experiences. As well as the huge range of sporting and arts enrichment on offer, students take part in a structured programme of community projects,

developing their social conscience alongside their academic work.

The London Academy of Excellence Tottenham is based on its sister school, LAE Stratford, founded in 2012. Last year at LAE Stratford, 86% of grades were A\*-B and over half of the students won places at Russell Group universities, with six students going to Oxford or Cambridge. LAE Stratford was voted 'The Sunday Times State Sixth Form of the Year' in 2015-2016. LAE Tottenham is emulating this fantastically successful model.

LAE Tottenham is housed in a state of the art building, supported by Tottenham Hotspur Football Club and uses the expertise of Highgate School and LAE Stratford to offer the very best academic education in the heart of Tottenham.

## Entry Requirements

5 or more 6 (B) grades at GCSE, with minimum of a 7 (A) grade required in the subject area to be studied at A level. For further details please see our website [www.laetottenham.org.uk](http://www.laetottenham.org.uk)

## Applications

The closing date for applications on our website [www.laetottenham.ac.uk](http://www.laetottenham.ac.uk) is 2 February 2018. Prospective students with particular questions about entry criteria are invited to email [admissions@laetottenham.ac.uk](mailto:admissions@laetottenham.ac.uk) or call **0208 352 6020** Enrolment will take place on Thursday 23 August 2018 from 9am.

# St Thomas More Catholic School

St Thomas More Catholic School is a mixed, independent academy within the Cardinal Hume Academies Trust. The Catholic ethos of the school permeates all aspects of school life and focuses on spiritual development. It is an 'outstanding' school which offers academically stretching courses in a broad range of subjects. Standards are high and students are both challenged and supported to achieve their potential, both academically and personally. Expectations in terms of homework and additional study are high and students are expected to use their time wisely to study independently. The step between Year 11 and Year 12 is a big one and only highly committed students will successfully make that leap. St Thomas More students are highly ambitious and go on to study a wide range of subjects at many of the best universities in the country. Students receive a lot of help, both from our university partners in London such as UCL and Kings, as well as interview training specialists. We recognise that to achieve their best students need support. We provide extra revision sessions, Saturday classes, and independent study sessions many of which are taken with advanced university students who are specialists in their field.

Students are encouraged to become rounded individuals and are offered a range of extra-curricular opportunities. These include use of the school's gym facilities, cooking classes, sports

clubs, student-led trips, participation in the Duke of Edinburgh Award, writing and editing the sixth form magazine, organising the sixth form dinner and dance, and sitting on the sixth form and whole school councils. Other leadership opportunities include the chance to become a school-wide prefect. This entails the performance of special duties around the school and the opportunity to represent the school at events. This offers a real advantage when applying to competitive universities.

## Entry Requirements and Enrolment

All A Level and BTEC courses require a minimum of three A\*-C GCSE grades as well as a grade 4 in both Maths and English GCSE. Students who have not passed their Maths or English GCSE (lower than grade 4) will be required to attend extra classes until they do. Subjects have specific requirements which can be found under the admission tab on our website at

**[www.stthomasmoreschool.org.uk](http://www.stthomasmoreschool.org.uk)**

Enrolment will take place on Thursday 23 August and Friday 24 August at St Thomas More School from 9.30 – 12.00. Please bring along your GCSE certificates, proof of address and photocopy of passport or ID. You will have a meeting with the Head of sixth form about your choices and you will be asked to complete an application form.
