

Tottenham Aspirations

“Routes to Oxbridge and the Russell Group”

Tuesday 2 April

5pm- 7pm

An event for parents and carers of students in years 9-11

In 2016-17 only 1% of Tottenham school and college leavers went on to attend a Russell Group university. Although 79% of LAE Tottenham’s first cohort have an offer to study at a Russell Group university, we want to ensure that an even greater number of Tottenham students can achieve their academic aspirations.

Come to the latest Tottenham Aspirations event to hear from those involved in the admissions process at leading universities in the UK including Oxford, LSE and King’s College to find out how best to support your child’s aspirations. Questions covered will include:

- What is it like to study at a leading university in the UK?
- What are top universities looking for in successful applicants?
- What opportunities are available for students in key stage 4?
